DETAILED ACTION

*Response to Arguments*

2. Applicant's arguments, see pages 6-7, filed 11 July 2005, with respect to the rejections of the claims have been fully considered and are persuasive. The rejections of the claims have been withdrawn.

Applicant's proposed amendments to the claims merely incorporate the allowable subject matter indicated by Examiner in the final rejection, dated 29 April 2005 (mailed 01 June 2005), into the independent claims and cancels the claims that were not considered to be allowable. Thus, **the proposed amendments are entered**. Since independent claims 7 and 13 are now in allowable form, and there are no other outstanding issues to resolve, all claim rejections are withdrawn.

*Allowable Subject Matter*

3. Claims 7-18 are allowed.

The following is an examiner's statement of reasons for allowance:

Allowable subject matter was previously indicated in item 5 of said final rejection. Further, Examiner has not found any additional prior art which would anticipate independent claims 7 and/or 13, or render claims 7 and/or 13 obvious to one of ordinary skill in the art at the time of the invention. Thus, claims 7 and 13, along with dependent claims 8-12 and dependent claims 14-18, are considered allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
